Dear Member:

As you know, we have always tried to make available to our membership the best fringe benefit programs available. With this in mind, we have recently selected a new and unique fringe benefit which is probably the most important fringe benefit to be developed in years -- PRE-PAID LEGAL SERVICE!

Available now to you on a voluntary basis through the FORTEMENT ASSOCIATION. It is our intention to include this as a point in our future negotiations with the City so that, in time, this outstanding program of PRE-PAID LEGAL SERVICE will be yours.

In the meantime, we want you to enroll in the plan so that you can take advantage of the outstanding legal services that are at your beck and call -- all at a fraction of what they would cost on the outside!

Think of it! Now, for possibly the first time, you will have your own Law Firm!

That's a step up -- you can bet!

And as you and all other members enroll, our voice will be louder and our message clearer, so that PRE-PAID LEGAL SERVICE will become yet another reality in our formidable package of fringe benefits.

As usual, the plan may be obtained on convenient payroll deduction.

Enroll now -- and add your voice to the crowd! The only way in which you and I can obtain bigger and better benefits is for all of us to join hands in this important undertaking by enrolling in this PRE-PAID LEGAL SERVICE program NOW.

We are counting on you. ENROLL NOW!

Sincerely yours,

Paul Arnold
CEAT Chairman
